

UNDERSTAND YOUR SYSTEMS

LOUR K-GRIP

K-GRIP 1/4", 3/8", 1/2", 3/4", 1" BSPP Hydraulic Hose
Grip Hard Aluminium Flow Handle

Understand your hydraulic systems at a glance with the new K-GRIP

A Reliable Connection

K-Grips can be attached to all standard hydraulic connections in no time at all. Once installed, the plug grip is an oil-carrying component of the hydraulic system – captive, tight, reliable.

Colour Coding & Engraving

Make your systems easy to understand, change, and fix at a glance with instant identification and 10 colour options. We offer engraving options on up to 6 sides for application, machine, or directional symbols.

The Perfect Grip

The K-Grip fits seamlessly into your hand which, in combination with diamond-finished, knurled surface, guarantees a non-slip feel and lasting work safety in oily environments.
